DOING BUSINESS

IN HUMBOLDT

"Humboldt's entrepreneurial ventures far exceed what is expected of a community this size."

KNOW YOUR MARKET

Understanding the Humboldt market will assist you in preparing a business plan as well as understanding who your competitors are. See the back of this sheet for quick market facts about Humboldt! If you have anymore questions about the market, call or stop by City Hall and we would be happy to help. Our contact information is listed below.

CHOOSE A LOCATION

The City of Humboldt has zoning regulations that new and existing business owners must follow. For example, a steel mill cannot operate in the Humboldt Downtown area. Come visit us at City Hall if you want to learn more about site selection or learn more about other permits.

GET YOUR PAPERWORK

The City of Humboldt requires new business owners to fill out a development permit and a building permit for new construction. If purchasing an existing business, these permits may or may not be required. If you are opening a business from home, you are required to purchase a Business License from the City. Commercial businesses are not required to have a business license.

GET READY TO OPERATE
