

Community REPORT

August 2024

Marketing & Development

PENNY LEE - MARKETING & DEVELOPMENT MANAGER

The department has finally received the last of its new "Humboldt Swag", which includes umbrellas, lapel pins, water bottles, sweatshirts, polos, t-shirts, caps and more. There is a display of the items set up at the Visitor Information Centre.

The City of Humboldt sponsored Dayna Brons' hole at the 7th Annual Humboldt Broncos Memorial Golf Tournament. The Manager was in attendance at the hole along with Carol Brons with a bean bag toss game. The City provided a swag bag as a prize for a draw that golfers had the opportunity to enter when they arrived at the hole.

The mini-golf course underwent some long overdue renovations. The boards around each hole were replaced and staff repainted the identifier posts at each hole and cleaned up weeds. Thank you to all who worked hard to give it a face-lift!

Community & Leisure Services

MICHAEL ULRIKSEN - DIRECTOR OF COMMUNITY & LEISURE SERVICES

The Uniplex was once again host to the annual Sheep Breeder's Association event. The event relocated to the Uniplex in 2016 and has been a staple annual event for the community. Event organizers were once again very pleased with the set-up and despite the exceptionally hot temperatures the event was a huge success.

The Pool shutdown began on the evening of August 1st, with the start of the pool draining process. The pool will reopen on Saturday, August 17th.

Policy 6070: Custom Work Rates was amended to include updated rates for all Public Works and Leisure Services custom work. Previously, there were two Custom Work Rates policies, which provided custom work rate policies specific to the Public Works and Leisure Services departments. These policies have now been combined as one, and rates have been updated to reflect the costs associated with equipment and labour for carrying out requested work. Policy 10310: Custom Work Equipment and Labour Work Rates Policy has now been amended.
