PROCLAMATIONS

Type 1 Diabetes Week: Type 1 Diabetes is a chronic autoimmune disease that affects millions of kids and adult worldwide, and Type 1 Diabetes Week provides an opportunity for us to raise awareness about the challenges faced by those living with Type 1 Diabetes and to highlight the importance of research and education in the fight against this disease. As well as establish community awareness of symptoms of Type 1 Diabetes can help to diagnose a person before their health is at risk.

Mayor Behiel has proclaimed the week of May 29th to June 3rd, 2023 as "Type 1 Diabetes Week" in the City of Humboldt to raise awareness around Type 1 Diabetes.

PROCLAMATIONS (CONT.)

Recreation and Parks Month: In Saskatchewan, we are fortunate to have a variety of recreation and park systems providing countless recreational opportunities for residents. Recreation enhances quality of life, promotes active living and contributes to a healthy lifestyle. The benefits provided by recreation and parks programs and services reduce health care and social service cost, serve to boost the economy, economic renewal and sustainability, enhance property values and attract new business and increase tourism.

Mayor Behiel has proclaimed the month of June, 2023 as "Recreation and Parks Month" in the City of Humboldt to recognize the important role that municipality has in contributing the support and delivery of recreation and parks services.
