#### Pool Annual Shutdown:

The annual pool shutdown will take place between August 2nd and 16th. The focus of this year's shutdown will be some spot grinding and touch up painting on the water tower, floor maintenance, grouting and general cleaning and painting of the facility.

#### Library Solarium Update:

The old library solarium was removed and the new window/ roof structure installed. There is some drywall and lighting work remaining inside the building, as well as exterior work on the front of the building, but the face lift was much needed and looks great!
